

Eurasian Conference on Quality Assurance in Higher Education

Integrating an industry perspective into HE

Professor John Harper

RGU

Background

- RGU consistently has one of the highest graduate employment records of all UK universities
- Course portfolio geared towards employability and the professions
- Effective and extensive engagement with industry/professional bodies is integral to strategy

RGU

Involvement of Industry/Professional Practice

- Industrial panels provide strategic guidance at subject portfolio level
- Feedback from industry/practice informs course content
- Participation in formal approval panels for new courses
- Representatives act as members of external examining teams
- Provision of industrial placement and associated student supervision
- Specialist lectures

RGU

Recent developments

- Workforce development
 - Credit rating work-based learning/training
 - Development and delivery of corporate training programmes
- Partnership delivery with private/specialist training organisations
