

**Because the difference is in
experiences.
But is it?**

My personal experience

Main differences

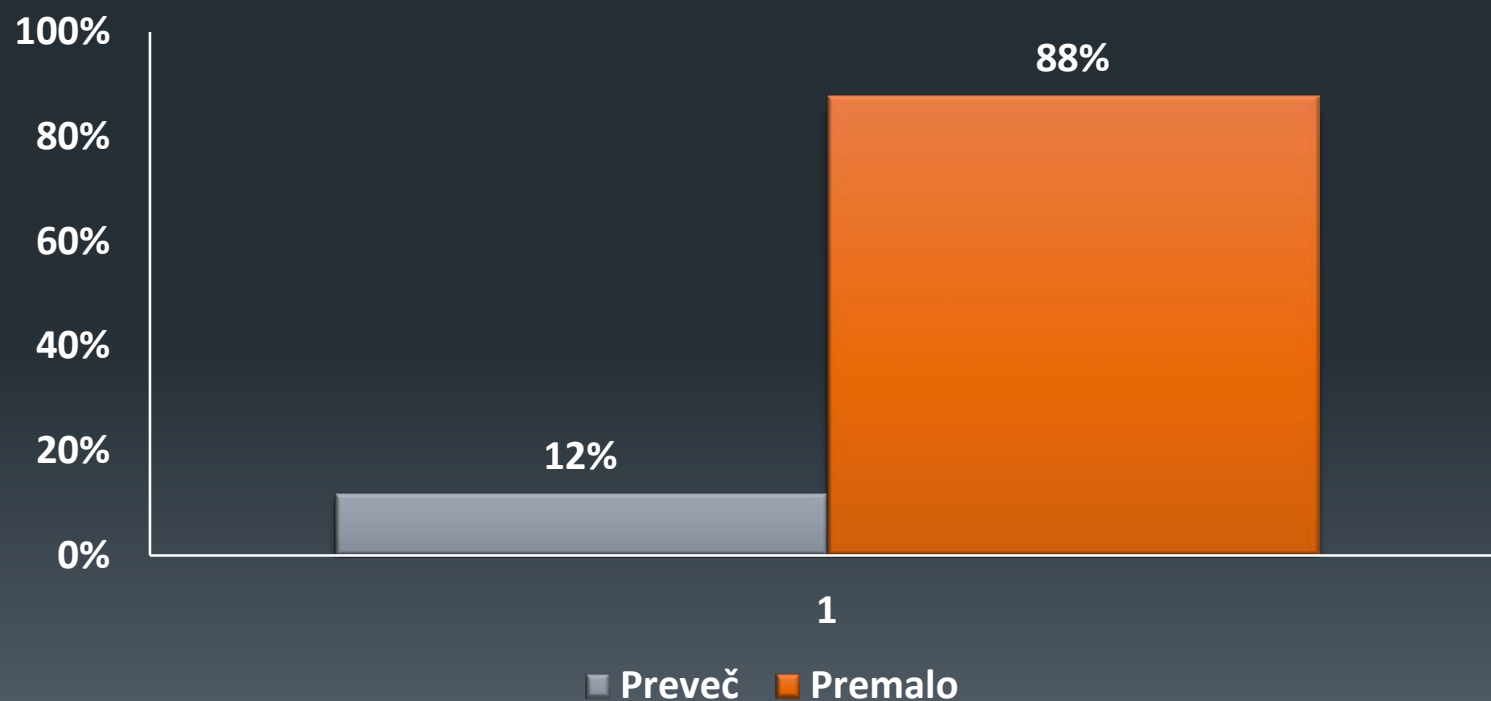

- Level of difficulty
- Accessibility and relations
- Learning pathways
- Student council and student organization
- Part-time study
- Location
- Duration, ECTS
- Enrolment conditions
- Qualifications framework
- Traineeship or internship -> practical education

Recognition process for practical education

- Contract with the company (at least three employees)
- Mentor allocation
- Attendance (400h)
- Report about the practice -> mentor, student
- Research paper or term paper
- Defense of a term paper
