To Johan Cloet
Secretary General of
European Association
In Higher Education

Dear Mr. Johan Cloet!

During the period between 7th and 8th of April 2016 the Conference on Universities' Institutional Cooperation Issues and Development of International Scientific-Technical and Educational Partnership for Securing Russia's Innovative Development will be held in Russian New University (RosNOU). The event is held within the frames of Russian Federal grant scheme program "Research and development of Russian scientific-technological complex in priority areas between 2014 and 2020".

Education sphere is one of the innovative sectors of national economy that defines the creation of innovative climate and competitiveness of economy in general.

Topics for discussion on round tables and sections:

- 1. National education system adaptation to global processes in the context of international educational and scientific-technical partnership;*
- 2. Enhancement of higher education role in the context of National innovative system;*
- 3. Cooperation in the context of universities and other institutions networking partnership;*
- 4. Impact of international university rating agencies on Russian higher education;*
- 5. Implementation of leading universities experience in securing of innovative development of economy;*
- 6. Development of international cooperation within the framework of educational and scientific domain;*

7. *Organizational and regulatory support for higher education institutions, which have various legal statuses, in implementation multilevel strategy of international educational and scientific cooperation development.*
8. *More profound use of state and private partnership in order to enhance competitiveness of Russian education on national and international levels;*
9. *Promotion of Russian education in global scientific-technical domain.*

We would be delighted to see you as a participant of the International Conference. Moreover, we will be very thankful to you if you could present a paper on one of the above topics.

It is planned to book rooms in Moscow hotels for the Conference participants from other cities and countries as well as to accommodate them in the guest house of the Russian New University which is easily reached by any means of transport from the Conference location.

Dates of the Conference: **7-8 April, 2016**

Conference location: Russian Federation, Moscow, 22 Radio St., Malachite Hall; Vilis Lacis St., 6 building 1; 8 building 2 – administrative and educational sites of the Russian New University.
